PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

In this Proxy Statement, Nxt-ID, Inc., a Delaware corporation, is referred to as “Nxt-ID,” the “Company,” “we,” “us” and “our.”

Information Concerning the Proxy Materials and the Annual Meeting

Proxies in the form enclosed with this Proxy Statement are being solicited by our Board of Directors for use at our Annual Meeting of our Stockholders to be held at 9:00 a.m. (Eastern Time) on August [*], 2016, at 285 North Drive, Suite D, Melbourne, Florida 32904, and at any adjournment thereof. Your vote is very important. For this reason, our Board of Directors is requesting that you permit your common stock, \$0.0001 par value per share (the “Common Stock”), to be represented at the Annual Meeting by the proxies named on the enclosed proxy card. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

Voting materials, which include this Proxy Statement and the enclosed proxy card, will be first mailed to stockholders on or about July [*], 2016.

Only stockholders of record as of the close of business on July [*], 2016 (the “Record Date”) of our Common Stock will be entitled to notice of, and to vote at, the Annual Meeting. As of July [*], 2016, 60,116,857 shares of Common Stock were issued and outstanding. Holders of Common Stock are entitled to one vote per share held by them. Stockholders may vote in person or by proxy, however, granting a proxy does not in any way affect a stockholder’s right to attend the Annual Meeting and vote in person. Any stockholder giving a proxy has the right to revoke that proxy by (i) filing a later-dated proxy or a written notice of revocation with us at our principal office at any time before the original proxy is exercised or (ii) attending the Annual Meeting and voting in person.

Gino M. Pereira is named as attorney-in-fact in the proxy. Mr. Pereira is our Chairman and Chief Executive Officer. Mr. Pereira will vote all shares represented by properly executed proxies returned in time to be counted at the Annual Meeting, as described below under “Voting Procedures.” Where a vote has been specified in the proxy with respect to the matters identified in the Notice of the Annual Meeting, the shares represented by the proxy will be voted in accordance with those voting specifications. If no voting instructions are indicated, your shares will be voted as recommended by our Board on all matters, and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote before the Annual Meeting.

The stockholders will consider and vote upon (i) a proposal to elect five (5) members of our Board of Directors, each to serve until the 2017 Annual Meeting of Stockholders and until their successors are elected and qualified or until their earlier resignation or removal (“Proposal No. 1”); (ii) a proposal to ratify the Board’s selection of Marcum LLP as our independent auditors for the fiscal year ending December 31, 2016 (“Proposal No. 2”); (iii) a proposal to give the Company’s Board the authority to effect a reverse stock split of all of the outstanding shares of our Common Stock, par value \$0.0001 per share, from 1-for-5 to 1-for-15, with the exact exchange ratio to be determined by the Board in its sole discretion, by filing an amendment to the Company’s Certificate of Incorporation (the “Certificate of Incorporation”) at any time before September 30, 2016 (“Proposal No. 3”); (iv) a proposal to approve the issuance of securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 25% below market price of our common stock in accordance with Nasdaq Marketplace Rule 5635(d) (“Proposal No. 4”); and (v) a proposal to approve the issuance of an aggregate of 2,500,000 shares of the Company’s Series A Convertible Preferred Stock, par value \$0.0001 per share, in accordance with Nasdaq Marketplace Rule 5635(d) (“Proposal No. 5”). Stockholders also will consider and act upon such other business as may properly come before the Annual Meeting.

Voting Procedures and Vote Required

Mr. Pereira will vote all shares represented by properly executed proxies returned in time to be counted at the Annual Meeting. The presence, in person or by proxy, of at least a majority of the issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to establish a quorum for the transaction of business. Shares represented by proxies which contain an abstention, as well as “broker non-vote” shares (described below), are counted as present for purposes of determining the presence of a quorum for the Annual Meeting.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the Annual Meeting as specified in such proxies.

Vote Required for Election of Directors (Proposal No. 1). Our Certificate of Incorporation does not authorize cumulative voting. Delaware law and our Bylaws provide that directors are to be elected by a plurality of the votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. This means that the five (5) candidates receiving the highest number of affirmative votes at the Annual Meeting will be elected as directors. Only shares that are voted in favor of a particular nominee will be counted toward that nominee’s achievement of a plurality. Shares present at the Annual Meeting that are not voted for a particular nominee or shares present by proxy where the stockholder properly withheld authority to vote for such nominee will not be counted toward that nominee’s achievement of a plurality.

Vote Required for Ratification of Auditors (Proposal No. 2). Delaware law and our Bylaws provide that, on all matters (other than the election of directors and except to the extent otherwise required by our Certificate of Incorporation, or applicable Delaware law), the affirmative vote of a majority of the shares present, in person or by proxy, and voting on the matter, will be required for approval. Accordingly, the affirmative vote of a majority of the shares present at the Annual Meeting, in person or by proxy, and voting on the matter, will be required to ratify the Board’s selection of Marcum LLP as our independent auditors for the fiscal year ending December 31, 2016.

Vote Required for the Reverse Stock Split (Proposal No. 3). Delaware law and our Bylaws provide that the affirmative vote of the holders of a majority of our Common Stock is required to approve the amendment to our Certificate of Incorporation to give effect to the reverse stock split. Abstentions with respect to Proposal 3 will be treated as shares that are present or represented at the Annual Meeting, but will not be counted in favor of Proposal 3. Accordingly, an abstention with respect to Proposal 3 will have the same effect as a vote “AGAINST” Proposal 3.

Vote Required for the issuance of securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 25% below market price of our common stock in accordance with Nasdaq Marketplace Rule 5635(d) (Proposal No. 4). Delaware law and our Bylaws provide that, on all matters (other than the election of directors and except to the extent otherwise required by our Certificate of Incorporation, or applicable Delaware law), the affirmative vote of a majority of the shares present, in person or by proxy, and voting on the matter, will be required for approval. Accordingly, the affirmative vote of a majority of the shares present at the Annual Meeting, in person or by proxy, and voting on the matter, will be required to approve the issuance of securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 25% below market price of our common stock in accordance with Nasdaq Marketplace Rule 5635(d).

Vote Required for the issuance of an aggregate of 2,500,000 shares of the Company’s Series A Convertible Preferred Stock, par value \$0.0001 per share, in accordance with Nasdaq Marketplace Rule 5635(d) (Proposal No. 5). Delaware law and our Bylaws provide that, on all matters (other than the election of directors and except to the extent otherwise required by our Certificate of Incorporation, or applicable Delaware law), the affirmative vote of a majority of the shares present, in person or by proxy, and voting on the matter, will be required for approval. Accordingly, the affirmative vote of a majority of the shares present at the Annual Meeting, in person or by proxy, and voting on the matter, will be required to approve the issuance of an aggregate of 2,500,000 shares of the Company’s Series A Convertible Preferred Stock, par value \$0.0001 per share, in accordance with Nasdaq Marketplace Rule 5635(d).

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Brokers that have not received voting instructions from their clients cannot vote on their clients’ behalf on “non-routine” proposals. Broker non-votes are not counted in tabulating the voting result for any particular proposal and shares that constitute broker non-votes are not considered entitled to vote. The vote on Proposals 1, 3, 4, and 5 are considered “non-routine” and the vote on Proposal 2 is considered “routine”.

Abstentions are counted as “shares present” at the Annual Meeting for purposes of determining the presence of a quorum but are counted as “Against” in the calculation of the vote.

Votes at the meeting will be tabulated by one or more inspectors of election appointed by the Chairman and Chief Executive Officer.

Stockholders will not be entitled to dissenter’s rights with respect to any matter to be considered at the Annual Meeting.

Delivery of Documents to Security Holders Sharing an Address

We will send only one set of Annual Meeting materials and other corporate mailings to stockholders who share a single address unless we received contrary instructions from any stockholder at that address. This practice, known as “householding,” is designed to reduce our printing and postage costs. However, the Company will deliver promptly upon written or oral request a separate copy of the Annual Meeting materials to a stockholder at a shared address to which a single copy of the Annual Meeting materials was delivered. You may make such a written or oral request by (a) sending a written notification stating (i) your name, (ii) your shared address and (iii) the address to which the Company should direct the additional copy of the Annual Meeting materials, to the Company at Corporate Secretary, 285 North Drive, Suite D, Melbourne, FL 32934, telephone: (203) 266-2103.

If multiple stockholders sharing an address have received one copy of the Annual Meeting materials or any other corporate mailing and would prefer the Company to mail each stockholder a separate copy of future mailings, you may send notification to or call the Company’s principal executive offices. Additionally, if current stockholders with a shared address received multiple copies of the Annual Meeting materials or other corporate mailings and would prefer the Company to mail one copy of future mailings to stockholders at the shared address, notification of such request may also be made by mail or telephone to the Company’s principal executive offices.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our Common Stock as of July [*], 2016, by (a) each stockholder who is known to us to own beneficially 5% or more of our outstanding Common Stock; (b) all directors; (c) our executive officers, and (d) all executive officers and directors as a group. In accordance with our corporate governance principles, the Board does not involve itself in day-to-day operations. The directors keep themselves informed through discussions with the Chief Executive Officer, other key executives and by reading the reports and other materials sent to them and by participating in Board and committee meetings. Our directors hold office until the next annual meeting of stockholders and until their successors are elected and qualified or until their earlier resignation or removal, or if for some other reason they are unable to serve in the capacity of director.

Director Independence

Our board of directors currently consists of five (5) members: Gino M. Pereira; Major General David R. Gust USA, Ret.; Michael J. D'Almada-Remedios, PhD; Daniel P. Sharkey; and Stanley W. Washington. Leadership Structure of the Board

The Board of Directors does not currently have a policy on whether the same person should serve as both the Chief Executive Officer and Chairman of the Board or, if the roles are separate, whether the Chairman should be selected from the non-employee directors or should be an employee. The Board believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best to provide appropriate leadership for the Company at that time. Our current Chairman of the Board, Gino M. Pereira, also serves as the Company's Chief Executive Officer.

Risk Oversight

The Board and our management oversee risk management directly. Management is responsible for implementing the risk management strategy and developing policies, controls, processes and procedures to identify and manage risks.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Compensation Principles

We believe the top growing companies design their compensation program to attract, motivate, and retain highly talented individuals to drive business success. We further believe that the ideal programs tend to be principle-based rather than rules-based with such best practices compensation programs providing for the opportunity for executives and other key employees to achieve significant compensation upon the realization of objectives that clearly benefit a company and its stockholders. The Company believes that best-practices plan will reflect the following principles:

(1) Compensation should be related to performance

A proper compensation program should reinforce our Company's business and financial objectives. Employee compensation will vary based on Company versus individual performance. When the Company performs well against the objectives that the Board will set, employees will receive greater incentive compensation. To the extent the business does not achieve or meet these objectives, incentive awards will be reduced or eliminated. An employee's individual compensation will also vary based on his or her performance, contribution, and overall value to the business. Employees with sustained high performance should be rewarded more than those in similar positions with lesser performance.

(2) Our employees should think like stockholders

The second critical principle of our compensation programs should be to foster an environment where our employees should act in the interests of the Company's stockholders. We believe that the best way to encourage them to do that is through an equity interest in their company. Equity interest in a company can be achieved in several respects: the establishment of equity incentive plans that provide for the granting of equity-based awards, such as stock options, and/or restricted stock or performance share units to employees. This requires the establishment of an omnibus long-term stock-based incentive plan, which LTIP was approved and adopted by our Board and stockholders. While this plan also provides for traditional stock options, we believe that options should not form the dominant focus of a proper incentive plan and that performance share units or performance vesting restricted stock grants represent a preferred form of equity incentive. The philosophy behind such a structure is that as employees earn more stock (as opposed to options) they will think more like stockholders. Put another way, when all employees become owners, they will think and behave like owners.

(3) Incentive compensation should be a greater part of total compensation for more senior positions

The proportion of an individual's total compensation that varies with individual and Company performance objectives should increase as the individual's business responsibilities increase. Thus, cash bonuses and LTIP-based compensation should form the overwhelmingly dominant portion of overall compensation for the Company's senior employees and the milestones for payouts on those plans for our senior employees are based entirely on corporate results.

Pursuant to Section 102 of the JOBS Act, we have provided reduced executive compensation disclosure.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee (the "Audit Report") does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Audit Report by reference therein.

Role of the Audit Committee

The Audit Committee's primary responsibilities fall into three broad categories:

First, the Audit Committee is charged with monitoring the preparation of quarterly and annual financial reports by the Company's management, including discussions with management and the Company's outside auditors about draft annual financial statements and key accounting and reporting matters;

Second, the Audit Committee is responsible for matters concerning the relationship between the Company and its outside auditors, including recommending their appointment or removal; reviewing the scope of their audit services and related fees, as well as any other services being provided to the Company; and determining whether the outside auditors are independent (based in part on the annual letter provided to the Company pursuant to Independence Standards Board Standard No. 1); and

Third, the Audit Committee reviews financial reporting, policies, procedures, and internal controls of the Company.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter. In overseeing the preparation of the Company's financial statements, the Audit Committee met with management and the Company's outside auditors, including meetings with the Company's outside auditors without management present, to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee discussed the statements with both management and the outside auditors. The Audit Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees).

With respect to the Company's outside auditors, the Audit Committee, among other things, discussed with KPMG LLP matters relating to its independence, including the disclosures made to the Audit Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Recommendations of the Audit Committee. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC.

KPMG LLP (“KPMG”) served as our independent auditors from October 30, 2014 to April 21, 2016. Effective April 21, 2016, Marcum LLP (“Marcum”), was appointed by the Board of Directors as our independent auditors for the fiscal year ending December 31, 2016. The decision to appoint Marcum as the new registered public accounting firm was approved by the Audit Committee of the Company’s Board of Directors. Marcum has previously served as the Company’s registered public accounting firm from March 24, 2012 through October 8, 2014, at which time it resigned as it had concluded that it was not independent of the Company with respect to the Company’s quarterly period ended June 30, 2014 as a result of the provision of personal tax services to an executive officer of the Company during such period.

At the Annual Meeting, the stockholders will vote on a proposal to ratify this selection of the auditors. If this ratification is not approved by the affirmative vote of a majority of the shares present at the Annual Meeting, in person or by proxy, and voting on the matter, the Board will reconsider its selection of auditors.

Marcum has no interest, financial or otherwise, in our Company. We do not currently expect a representative of Marcum to physically attend the Annual Meeting, however, it is anticipated that a Marcum representative will be available to participate in the Annual Meeting via telephone in the event he or she wishes to make a statement, or in order to respond to appropriate questions.

Tax fees	12,630	24,072
All other fees ⁽²⁾	-	66,800

Delaware law and our Bylaws provide that, on all matters (other than the election of directors and except to the extent otherwise required by our Certificate of Incorporation, or applicable Delaware law), the affirmative vote of a majority of the shares present, in person or by proxy, and voting on the matter, will be required for approval. Accordingly, the affirmative vote of a majority of the shares present at the Annual Meeting, in person or by proxy, and voting on the matter, will be required to ratify the Board’s selection of Marcum as our independent auditors for the fiscal year ending December 31, 2016.

Our Board of Directors has unanimously approved a proposal to effect a reverse split of all of our outstanding shares of Common Stock by a ratio in the range of 1-for-5 to 1-for-15. The proposal provides that our Board of Directors shall have sole discretion pursuant to Section 242(c) of the Delaware General Corporation Law to elect, as it determines to be in the Company’s best interests, whether or not to effect the reverse stock split before September 30, 2016, or to abandon it. Should the Board of Directors proceed with a reverse stock split, the exact ratio shall be set at a whole number within the above range as determined by our Board of Directors in its sole discretion. Our Board of Directors believes that the availability of alternative reverse stock split ratios will provide it with the flexibility to implement the reverse stock split in a manner designed to maximize the anticipated benefits for the Company and its stockholders. In determining whether to implement the reverse split following the receipt of stockholder approval, our Board of Directors may consider, among other things, factors such as:

- the historical trading price and trading volume of our Common Stock;
- the then prevailing trading price and trading volume of our Common Stock and the anticipated impact of the reverse split on the trading market for our Common Stock;
- our ability to have our shares of Common Stock remain listed on The NASDAQ Capital Market;
- the anticipated impact of the reverse split on our ability to raise additional financing; and
- prevailing general market and economic conditions.

If our Board determines that effecting the reverse stock split is in our best interests, the reverse stock split will become effective upon filing of an amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware. The amendment filed thereby will set forth the number of shares to be combined into one share of our Common Stock within the limits set forth in this proposal. Except for adjustments that may result from the treatment of fractional shares as described below, each stockholder will hold the same percentage of our outstanding Common Stock immediately following the reverse stock split as such stockholder holds immediately prior to the reverse split.

The text of the form of amendment to the Certificate of Incorporation, which would be filed with the Secretary of State of the State of Delaware to effect the reverse stock split, is set forth in **Appendix D** to this proxy statement. The text of the form of amendment accompanying this proxy statement is, however, subject to amendment to reflect the exact ratio for the reverse stock split and any changes that may be required by the office of the Secretary of State of the State of Delaware or that the Board of Directors may determine to be necessary or advisable ultimately to comply with applicable law and to effect the reverse stock split.

Our Board of Directors believes that approval of the amendment to the Certificate of Incorporation to effect the reverse stock split is in the best interests of the Company and our stockholders and has unanimously recommended that the proposed amendment be presented to our stockholders for approval.

Effective Date

If the proposed amendment to the Certificate of Incorporation to give effect to the reverse stock split is approved at the Meeting and the Board of Directors determines to effect the reverse stock split, the reverse stock split will become effective as of 4:30 p.m. Eastern Time on the effective date of the certificate of amendment to our Certificate of Incorporation with the office of the Secretary of State of the State of Delaware, which we would expect to be the date of filing. We refer to this time and date as the “Effective Date.” Except as explained below with respect to fractional shares, each issued share of Common Stock immediately prior to the Effective Date will automatically be changed, as of the Effective Date, into a fraction of a share of Common Stock based on the exchange ratio within the approved range determined by the Board of Directors.

Purpose of the Reverse Stock Split

The Board of Directors believes that a reverse stock split is desirable for two reasons. First, a reverse stock split is necessary to maintain the listing of our Common Stock on The NASDAQ Capital Market. Second, the Board of Directors believes that a reverse stock split could improve the marketability and liquidity of the Common Stock.

Maintain our listing on The NASDAQ Capital Market. Our Common Stock is traded on The NASDAQ Capital Market. On November 30, 2015, the Company was notified by NASDAQ that it no longer satisfied the minimum bid price requirement for continued listing, of \$1.00 per share, as set forth in NASDAQ Listing Rule 5550(a)(2). The Company was granted a 180-day grace period, or until May 31, 2016, regain compliance with the minimum bid price requirement of \$1.00 per share, as set forth in NASDAQ Listing Rule 5550(a)(2).

On June 1, 2016, the Company received a determination letter (the "Letter") from the staff of The NASDAQ Stock Market LLC stating that the Company has not regained compliance with The NASDAQ Capital Market minimum bid price of \$1.00 requirement for continued listing set forth in NASDAQ Listing Rule 5550(a)(2). The Letter also stated that the Company was not eligible for an additional 180-day extension to regain compliance with the minimum bid price rule because the Company does not meet the minimum stockholders' equity initial listing requirement for The NASDAQ Capital Market.

Pursuant to the Letter, unless the Company requested a hearing to appeal this determination by June 8, 2016, the Company's common stock will be delisted from The NASDAQ Capital Market, trading of the Company's common stock will be suspended at the opening of business on June 10, 2016, and a Form 25-NSE will be filed with the Securities and Exchange Commission, which will remove the Company's securities from listing and registration on The NASDAQ Capital Market.

On June 7, 2016, the Company requested a hearing before the NASDAQ Hearings Panel (the "Panel") to appeal the Letter. The Company will be asked to provide the Panel with a plan to regain compliance with the minimum bid price requirement of Listing Rule 5550(a)(2). The Company's plan will need to include a discussion of the events that the Company believes will enable it to timely regain compliance with such requirement. The Company plans to submit a plan that it believes will be sufficient to permit the Company to regain compliance with the minimum bid price requirement. The Company's hearing before the Panel is scheduled for July 21, 2016.

While the appeal process is pending, the suspension of trading of the Company's common stock is stayed, and the Company's common stock will continue to trade on The NASDAQ Capital Market until the hearing process concludes and the Panel issues a written decision.

The Board of Directors has considered the potential harm to the Company and its stockholders should NASDAQ delist our Common Stock from The NASDAQ Capital Market. Delisting could adversely affect the liquidity of our Common Stock because alternatives, such as the OTC Bulletin Board and the pink sheets, are generally considered to be less efficient markets. An investor likely would find it less convenient to sell, or to obtain accurate quotations in seeking to buy our Common Stock on an over-the-counter market. Many investors likely would not buy or sell our Common Stock due to difficulty in accessing over-the-counter markets, policies preventing them from trading in securities not listed on a national exchange or other reasons. The Board of Directors believes that a reverse stock split is a potentially effective means for us to maintain compliance with the rules of NASDAQ and to avoid, or at least mitigate, the likely adverse consequences of our Common Stock being delisted from The NASDAQ Capital Market by producing the immediate effect of increasing the bid price of our Common Stock.

Improve the marketability and liquidity of the Common Stock. We also believe that the increased market price of our Common Stock expected as a result of implementing the reverse stock split will improve the marketability and liquidity of our Common Stock and will encourage interest and trading in our Common Stock. A reverse stock split could allow a broader range of institutions to invest in our stock (namely, funds that are prohibited from buying stocks whose price is below a certain threshold), potentially increasing the liquidity of our Common Stock. A reverse stock split could help increase analyst and broker interest in our stock as their policies can discourage them from following or recommending companies with low stock prices. Because of the trading volatility often associated with low-priced stocks, many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of our Common Stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. It should be noted, however, that the liquidity of our Common Stock may in fact be adversely affected by the proposed reverse stock split given the reduced number of shares that would be outstanding after the reverse stock split.

For the above reasons, we believe that providing the Board of Directors with the ability to effect the reverse stock split will help us regain and maintain compliance with the NASDAQ listing requirements and could improve the marketability and liquidity of our Common Stock, and is therefore in the best interests of the Company and our stockholders. However, the Board of Directors reserves its right to abandon the reverse stock split if it determines, in its sole discretion, that it would no longer be in our and our stockholders' best interests.

Risks of the Proposed Reverse Stock Split

We cannot assure you that the proposed reverse stock split will increase our stock price and have the desired effect of maintaining compliance with the rules of NASDAQ. The Board of Directors expects that a reverse stock split of our Common Stock will increase the market price of our Common Stock so that we are able to regain and maintain compliance with NASDAQ minimum bid price listing standard. However, the effect of a reverse stock split upon the market price of our Common Stock cannot be predicted with any certainty, and the history of similar reverse stock splits for companies in like circumstances is varied. Under applicable NASDAQ rules, in order to regain compliance with the \$1.00 minimum closing bid price requirement and maintain our listing on The NASDAQ Capital Market, the \$1.00 closing bid price must be maintained for a minimum of ten (10) consecutive business days. In determining whether to monitor bid price beyond ten business days, NASDAQ will consider the following four factors: (1) margin of compliance (the amount by which the price is above the \$1.00 minimum standard); (2) trading volume (a lack of trading volume may indicate a lack of bona fide market interest in the security at the posted bid price); (3) the market maker montage (the number of market makers quoting at or above \$1.00 and the size of their quotes); and (4) the trend of the stock price. Accordingly, we cannot assure you that we will be able to maintain our NASDAQ listing after the reverse stock split is effected or that the market price per share after the reverse stock split will exceed or remain in excess of the \$1.00 minimum bid price for a sustained period of time.

It is possible that the per share price of our Common Stock after the reverse stock split will not rise in proportion to the reduction in the number of shares of our Common Stock outstanding resulting from the reverse stock split, and the market price per post-reverse stock split share may not exceed or remain in excess of the \$1.00 minimum bid price for a sustained period of time, and the reverse stock split may not result in a per share price that would attract brokers and investors who do not trade in lower priced stocks. Even if we effect a reverse stock split, the market price of our Common Stock may decrease due to factors unrelated to the stock split. In any case, the market price of our Common Stock may also be based on other factors which may be unrelated to the number of shares outstanding, including our future performance. If the reverse stock split is consummated and the trading price of the Common Stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the reverse stock split. Even if the market price per post-reverse stock split share of our Common Stock remains in excess of \$1.00 per share, we may be delisted due to a failure to meet other continued listing requirements, including NASDAQ requirements related to the minimum stockholder's equity, the minimum number of shares that must be in the public float, the minimum market value of the public float and the minimum number of round lot holders.

The proposed reverse stock split may decrease the liquidity of our stock. The liquidity of our Common Stock may be harmed by the proposed reverse stock split given the reduced number of shares that would be outstanding after the reverse stock split, particularly if the stock price does not increase as a result of the reverse stock split. In addition, investors might consider the increased proportion of unissued authorized shares to issued shares to have an anti-takeover effect under certain circumstances, because the proportion allows for dilutive issuances which could prevent certain stockholders from changing the composition of the Board of Directors or render tender offers for a combination with another entity more difficult to successfully complete. The Board of Directors does not intend for the reverse stock split to have any anti-takeover effects.

Principal Effects of the Reverse Stock Split

Common Stock. If this proposal is approved by the stockholders at the Meeting and the Board of Directors determines to effect the reverse stock split and thus amend the Certificate of Incorporation, the Company will file a certificate of amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware. Except for adjustments that may result from the treatment of fractional shares as described below, each issued share of Common Stock immediately prior to the Effective Date will automatically be changed, as of the Effective Date, into a fraction of a share of Common Stock based on the exchange ratio within the approved range determined by the Board of Directors. In addition, proportional adjustments will be made to the maximum number of shares issuable under, and other terms of, our stock plans, as well as to the number of shares issuable under, and the exercise price of, our outstanding options and warrants.

Except for adjustments that may result from the treatment of fractional shares as described below, because the reverse stock split would apply to all issued shares of our Common Stock, the proposed reverse stock split would not alter the relative rights and preferences of existing stockholders nor affect any stockholder's proportionate equity interest in the Company. For example, a holder of 2% of the voting power of the outstanding shares of our Common Stock immediately prior to the effectiveness of the reverse stock split will generally continue to hold 2% of the voting power of the outstanding shares of our Common Stock immediately after the reverse stock split. Moreover, the number of stockholders of record will not be affected by the reverse stock split.

Effect on Convertible or Exchangeable Securities. Based upon the reverse stock split ratio determined by the Board, proportionate adjustments are generally required to be made to the per share exercise price and the number of shares issuable upon the exercise or conversion of outstanding options, and any convertible or exchangeable securities entitling the holders to purchase, exchange for, or convert into, shares of Common Stock. This would result in approximately the same aggregate price being required to be paid under such options, and convertible or exchangeable securities upon exercise, and approximately the same value of shares of Common Stock being delivered upon such exercise, exchange or conversion, immediately following the reverse stock split as was the case immediately preceding the reverse stock split. The number of shares subject to restricted stock awards and restricted stock units will be similarly adjusted, subject to our treatment of fractional shares. The number of shares reserved for issuance pursuant to these securities and our Plans will be adjusted proportionately based upon the reverse stock split ratio determined by the Board, subject to our treatment of fractional shares.

Listing. Our shares of Common Stock currently trade on The NASDAQ Capital Market. The reverse stock split will not directly affect the listing of our Common Stock on The NASDAQ Capital Market, although we believe that a reverse stock split could potentially increase our stock price, facilitating compliance with NASDAQ's minimum bid price listing requirement. Following the reverse stock split, our Common Stock may continue to be listed on The NASDAQ Capital Market under the symbol "NXTD" although our Common Stock would have a new committee on uniform securities identification procedures ("CUSIP") number, a number used to identify our Common Stock.

"Public Company" Status. Our Common Stock is currently registered under Section 12(b) and 12(g) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and we are subject to the "public company" periodic reporting and other requirements of the Exchange Act. The proposed reverse stock split will not affect our status as a public company or this registration under the Exchange Act. The reverse stock split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Securities Exchange Act of 1934.

Odd Lot Transactions. It is likely that some of our stockholders will own "odd-lots" of less than 100 shares following a reverse stock split. A purchase or sale of less than 100 shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers, and generally may be more difficult than a "round lot" sale. Therefore, those stockholders who own less than 100 shares following a reverse stock split may be required to pay somewhat higher transaction costs and may experience some difficulties or delays should they then determine to sell their shares of Common Stock.

Authorized but Unissued Shares; Potential Anti-Takeover Effects. Our Certificate of Incorporation presently authorizes 100,000,000 shares of Common Stock and 10,000,000 shares of preferred stock. The reverse stock split would not change the number of authorized shares of the Common Stock or preferred stock as designated. Therefore, because the number of issued and outstanding shares of Common Stock would decrease, the number of shares remaining available for issuance by us in the future would increase.

These additional shares would be available for issuance from time to time for corporate purposes such as issuances of Common Stock in connection with capital-raising transactions and acquisitions of companies or other assets, as well as for issuance upon conversion or exercise of securities such as convertible preferred stock, convertible debt, warrants or options convertible into or exercisable for Common Stock. We believe that the availability of the additional shares will provide us with the flexibility to meet business needs as they arise, to take advantage of favorable opportunities and to respond effectively in a changing corporate environment. For example, we may elect to issue shares of Common Stock to raise equity capital, to make acquisitions through the use of stock, to establish strategic relationships with other companies, to adopt additional employee benefit plans or reserve additional shares for issuance under such plans, where the Board of Directors determines it advisable to do so, without the necessity of soliciting further stockholder approval, subject to applicable stockholder vote requirements under Delaware General Corporation Law and the NASDAQ rules. If we issue additional shares for any of these purposes, the aggregate ownership interest of our current stockholders, and the interest of each such existing stockholder, would be diluted, possibly substantially.

The additional shares of our Common Stock that would become available for issuance upon an effective reverse stock split could also be used by us to oppose a hostile takeover attempt or delay or prevent a change of control or changes in or removal of our management, including any transaction that may be favored by a majority of our stockholders or in which our stockholders might otherwise receive a premium for their shares over then-current market prices or benefit in some other manner. Although the increased proportion of authorized but unissued shares to issued shares could, under certain circumstances, have an anti-takeover effect, the reverse stock split is not being proposed in order to respond to a hostile takeover attempt or to an attempt to obtain control of the Company.

Board Discretion to Implement or Abandon Reverse Stock Split

The reverse stock split will be effected, if at all, only upon a determination by our Board of Directors that the reverse stock split (with an exchange ratio determined by our Board as described above) is in the Company's best interest. Such determination shall be based upon certain factors, including, but not limited to, the historical trading price and trading volume of our Common Stock, the then prevailing trading price and trading volume of our Common Stock and the anticipated impact of the reverse split on the trading market for our Common Stock, our ability to have our shares of Common Stock remain listed on The NASDAQ Capital Market, the anticipated impact of the reverse split on our ability to raise additional financing; and prevailing general market and economic conditions. No further action on the part of stockholders would be required to either implement or abandon the reverse stock split. If the stockholders approve the proposal, and the Board of Directors determines to effect the reverse stock split, we would communicate to the public, prior to the Effective Date, additional details regarding the reverse split, including the specific ratio selected by the Board of Directors. If the Board of Directors does not implement the reverse stock split prior to September 30, 2016, the authority granted in this proposal to implement the reverse stock split will terminate. The Board of Directors reserves its right to elect not to proceed with the reverse stock split if it determines, in its sole discretion, that this proposal is no longer in the Company's best interests.

Fractional Shares

We will not issue fractional certificates for post-Reverse Stock Split shares in connection with the Reverse Stock Split. To the extent any holders of pre-Reverse Stock Split shares are entitled to fractional shares as a result of the Reverse Stock Split, the Company will issue an additional share to all holders of fractional shares.

No Dissenters' Rights

Under Delaware law, our stockholders would not be entitled to dissenters' rights or rights of appraisal in connection with the implementation of the reverse stock split, and we will not independently provide our stockholders with any such rights.

Certain United States Federal Income Tax Consequences

The following is a summary of certain United States federal income tax consequences of the reverse stock split. It does not address any state, local or foreign income or other tax consequences, which, depending upon the jurisdiction and the status of the stockholder/taxpayer, may vary from the United States federal income tax consequences. It applies to you only if you held pre-reverse stock split Common Stock as capital assets for United States federal income tax purposes. This discussion does not apply to you if you are a member of a class of holders subject to special rules, such as (a) a dealer in securities or currencies, (b) a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings, (c) a bank, (d) a life insurance company, (e) a tax-exempt organization, (f) a person that owns shares of Common Stock that are a hedge, or that are hedged, against interest rate risks, (g) a person who owns shares of Common Stock as part of a straddle or conversion transaction for tax purposes or (h) a person whose functional currency for tax purposes is not the U.S. dollar. The discussion is based on the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), its legislative history, existing, temporary and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as of the date hereof. These laws, regulations and other guidance are subject to change, possibly on a retroactive basis. We have not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the United States federal income tax consequences of a reverse stock split.

PLEASE CONSULT YOUR OWN TAX ADVISOR CONCERNING THE CONSEQUENCES OF THE REVERSE STOCK SPLIT IN YOUR PARTICULAR CIRCUMSTANCES UNDER THE INTERNAL REVENUE CODE AND THE LAWS OF ANY OTHER TAXING JURISDICTION.

Tax Consequences to United States Holders of Common Stock. A United States holder, as used herein, is a stockholder who or that is, for United States federal income tax purposes: (a) a citizen or individual resident of the United States, (b) a domestic corporation, (c) an estate whose income is subject to United States federal income tax regardless of its source, or (d) a trust, if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust. This discussion applies only to United States holders.

Except for adjustments that may result from the treatment of fractional shares as described above, no gain or loss should be recognized by a stockholder upon such stockholder's exchange of pre-reverse stock split shares for post-reverse stock split shares pursuant to the reverse stock split, and the aggregate adjusted basis of the post-reverse stock split shares of Common Stock received will be the same as the aggregate adjusted basis of the Common Stock exchanged for such new shares. The stockholder's holding period for the post-reverse stock split shares will include the period during which the stockholder held the pre-reverse stock split shares surrendered.

Accounting Consequences

Following the Effective Date of the reverse stock split, if any, the net income or loss and net book value per share of Common Stock will be increased because there will be fewer shares of the Common Stock outstanding. We do not anticipate that any other accounting consequences would arise as a result of the reverse stock split.

Exchange of Stock Certificates

As of the Effective Date, each certificate representing shares of our Common Stock outstanding before the reverse stock split will be deemed, for all corporate purposes, to evidence ownership of the reduced number of shares of our Common Stock resulting from the reverse stock split. All shares underlying options, warrants and other securities exchangeable or exercisable for or convertible into Common Stock also automatically will be adjusted on the Effective Date.

Our transfer agent, VStock Transfer, LLC, will act as the exchange agent for purposes of exchanging stock certificates subsequent to the reverse stock split. Shortly after the Effective Date, stockholders of record will receive written instructions requesting them to complete and return a letter of transmittal and surrender their old stock certificates for new stock certificates reflecting the adjusted number of shares as a result of the reverse stock split. Certificates representing shares of Common Stock issued in connection with the reverse stock split will continue to bear the same restrictive legends, if any, that were borne by the surrendered certificates representing the shares of Common Stock outstanding prior to the reverse stock split. No new certificates will be issued until such stockholder has surrendered any outstanding certificates, together with the properly completed and executed letter of transmittal, to the exchange agent. Until surrendered, each certificate representing shares of Common Stock outstanding before the reverse stock split would continue to be valid and would represent the adjusted number of shares, based on the ratio of the reverse stock split.

Any stockholder whose stock certificates are lost, destroyed or stolen will be entitled to a new certificate or certificates representing post-reverse stock split shares upon compliance with the requirements that we and our transfer agent customarily apply in connection with lost, destroyed or stolen certificates. Instructions as to lost, destroyed or stolen certificates will be included in the letter of instructions from the exchange agent.

Upon the reverse stock split, we intend to treat stockholders holding our Common Stock in “street name”, through a bank, broker or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers and other nominees will be instructed to effect the reverse stock split for their beneficial holders holding our Common Stock in “street name.” However, such banks, brokers and other nominees may have different procedures than registered stockholders for processing the reverse stock split. If you hold your shares in “street name” with a bank, broker or other nominee, and if you have any questions in this regard, we encourage you to contact your bank, broker or nominee.

YOU SHOULD NOT DESTROY YOUR STOCK CERTIFICATES AND YOU SHOULD NOT SEND THEM NOW. YOU SHOULD SEND YOUR STOCK CERTIFICATES ONLY AFTER YOU HAVE RECEIVED INSTRUCTIONS FROM THE EXCHANGE AGENT AND IN ACCORDANCE WITH THOSE INSTRUCTIONS.

If any certificates for shares of Common Stock are to be issued in a name other than that in which the certificates for shares of Common Stock surrendered are registered, the stockholder requesting the reissuance will be required to pay to us any transfer taxes or establish to our satisfaction that such taxes have been paid or are not payable and, in addition, (a) the transfer must comply with all applicable federal and state securities laws, and (b) the surrendered certificate must be properly endorsed and otherwise be in proper form for transfer.

Book-Entry

The Company's registered stockholders may hold some or all of their shares electronically in book-entry form with our transfer agent. These stockholders do not have stock certificates evidencing their ownership of the Company's Common Stock. They are, however, provided with a statement reflecting the number of shares of the Company's Common Stock registered in their accounts.

- If you hold registered shares of the Company's Common Stock in book-entry form, you do not need to take any action to receive your post-reverse stock split shares of the Company's Common Stock in registered book-entry form.
- If you are entitled to post-reverse stock split shares of the Company's common stock, a transaction statement will automatically be sent to your address of record by our transfer agent as soon as practicable after the Effective Date of the reverse stock split indicating the number of shares of the Company's common stock you hold.

Vote Required and Recommendation

The Delaware General Corporation Law and our Certificate of Incorporation require that, in order for us to amend the Certificate of Incorporation to give effect to the reverse stock split, such amendment must be approved by our Board of Directors and approved by the affirmative vote of a majority of the issued and outstanding shares of stock entitled to vote on such an amendment.

Our Board of Directors will adopt resolutions when they feel appropriate, approving the reverse stock split with an exchange ratio, and the amendment to our Certificate of Incorporation and declaring that the amendment to the Certificate of Incorporation to effect the reverse stock split is advisable and in the best interests of the Company and its stockholders.

At the Annual Meeting a vote will be taken on a proposal to amend the Company's Certificate of Incorporation, to effect a reverse split of our outstanding common stock at the discretion of the Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE AUTHORIZATION OF THE BOARD OF DIRECTORS TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION, TO EFFECT A REVERSE SPLIT OF OUR OUTSTANDING COMMON STOCK AT THE DISCRETION OF THE BOARD OF DIRECTORS.

APPROVAL OF ISSUANCE OF SECURITIES IN ONE OR MORE NON-PUBLIC OFFERINGS WHERE THE MAXIMUM DISCOUNT AT WHICH SECURITIES WILL BE OFFERED WILL BE EQUIVALENT TO A DISCOUNT OF 25% BELOW THE MARKET PRICE OF OUR COMMON STOCK IN ACCORDANCE WITH NASDAQ MARKETPLACE RULE 5635(D)
(Proposal No. 4)

Summary

The purpose of Proposal 4 is to obtain the stockholder approval necessary under applicable NASDAQ Stock Market rules to allow for the full issuance and exercise of shares of Common Stock issued by the Company to certain investors.

Background

The Company must raise capital to enhance its overall capitalization. The Company has not determined the particular terms for such prospective offerings. Because the Company seeks additional capital that triggers the requirements of Rule 5635(d), the Company is seeking stockholder approval now, so that it will be able to move quickly to take full advantage of any opportunities that may develop in the equity markets.

The Company hereby submits this proposal to its stockholders for their approval of the potential issuance of shares of Common Stock, or securities convertible into Common Stock, in one or more non-public capital-raising transactions, or offerings, subject to the following limitations:

- The aggregate number of shares issued in the offerings will not exceed 25,000,000 shares of Common Stock, subject to adjustment for any reverse stock split effected prior to the offerings (including pursuant to preferred stock, options, warrants, convertible debt or other securities exercisable for or convertible into Common Stock);
- The total aggregate consideration will not exceed \$25 million;
- The maximum discount at which securities will be offered will be equivalent to a discount of 25% below the market price of our common stock at the time of issuance in recognition of the limited public float of the traded Common Stock and historical volatility making the pricing discount of the Common Stock required by investors at any particular time difficult, at this time, to predict;
- Such offerings will occur, if at all, on or before January 31, 2017; and
- Such other terms as the Board of Directors shall deem to be in the best interests of the Company and its stockholders, not inconsistent with the foregoing.

The issuance of shares of Common Stock, or other securities convertible into shares of Common Stock, in accordance with any offerings would dilute, and thereby reduce, each existing stockholder's proportionate ownership in Common Stock. The stockholders do not have preemptive rights to subscribe to additional shares that may be issued by the Company in order to maintain their proportionate ownership of the Common Stock.

The issuance of shares of Common Stock in one or more non-public offerings could have an anti-takeover effect. Such issuance could dilute the voting power of a person seeking control of the Company, thereby deterring or rendering more difficult a merger, tender offer, proxy contest or an extraordinary corporate transaction opposed by the Company.

The Board of Directors has not yet determined the terms and conditions of any offerings. As a result, the level of potential dilution cannot be determined at this time, but as discussed above, the Company may not issue more than 25,000,000 shares of Common Stock in the aggregate pursuant to the authority requested from stockholders under this proposal (subject to adjustment for any reverse stock split). It is possible that if the Company conducts a non-public stock offering, some of the shares the Company could sell could be purchased by one or more investors who could acquire a large block of Common Stock. This would concentrate voting power in the hands of a few stockholders who could exercise greater influence on our operations or the outcome of matters put to a vote of stockholders in the future.

The Company cannot determine what the actual net proceeds of the offerings will be until they are completed, but as discussed above, the aggregate dollar amount of the non-public offerings will be no more than \$12 million. The Company currently has very limited understandings regarding any specific transaction with investors, so the Company cannot predict whether we will be successful should the Company seek to raise capital through any offerings.

NASDAQ Listing Requirements and the Necessity of Stockholder Approval

The Common Stock is currently listed on The Nasdaq Capital Market and, as such, the Company is subject to Nasdaq Marketplace Rules. Nasdaq Marketplace Rule 5635(d) (“Rule 5635(d)”) requires the Company to obtain stockholder approval prior to the issuance of Common Stock in connection with certain non-public offerings involving the sale, issuance or potential issuance by the Company of Common Stock (and/or securities convertible into or exercisable for common stock) equal to 20% or more of the Common Stock outstanding before the issuance. Shares of Common Stock issuable upon the exercise or conversion of warrants, options, debt instruments, preferred stock or other equity securities issued or granted in such non-public offerings will be considered shares issued in such a transaction in determining whether the 20% limit has been reached, except in certain circumstances such as issuing warrants that are not exercisable for a minimum of six months and have an exercise price that exceeds market value. Therefore, the Company requires stockholder approval.

Vote Required and Recommendation

The affirmative vote of a majority of the shares present, in person or by proxy, and voting on the matter, will be required to issue securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 25% below market price of our common stock in accordance with Nasdaq Marketplace Rule 5635(d).

At the Annual Meeting a vote will be taken on a proposal to approve the issuance of securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 25% below market price of our common stock in accordance with Nasdaq Marketplace Rule 5635(d).

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE ISSUANCE OF SECURITIES IN ONE OR MORE NON-PUBLIC OFFERINGS WHERE THE MAXIMUM DISCOUNT AT WHICH SECURITIES WILL BE OFFERED WILL BE EQUIVALENT TO A DISCOUNT OF 25% BELOW MARKET PRICE OF OUR COMMON STOCK IN ACCORDANCE WITH NASDAQ MARKETPLACE RULE 5635(D) .

APPROVAL OF ISSUANCE OF AN AGGREGATE OF 2,500,000 SHARES OF THE COMPANY'S SERIES A CONVERTIBLE PREFERRED STOCK IN ACCORDANCE WITH NASDAQ MARKETPLACE RULE 5635(D)
(Proposal No. 5)

Summary

The purpose of Proposal 5 is to obtain the stockholder approval necessary under applicable NASDAQ Stock Market rules to allow for the full issuance and conversion of shares of Series A Preferred Stock (as defined below) into shares of Common Stock.

Background

On April 1, 2016, the Company entered into a placement agency agreement (the "Placement Agency Agreement") with Aegis Capital Corp. (the "Placement Agent") under which the Placement Agent agreed to serve as the sole placement agent, on a "reasonable best efforts" basis, in connection with the registered direct public offering (the "Offering") of an aggregate of 2,500,000 shares of the Company's Series A Convertible Preferred Stock, par value \$0.0001 per share (the "Series A Preferred Stock"), for an aggregate purchase price of \$2,500,000. Also on April 1, 2016, to effect the Offering, the Company entered into a securities purchase agreement (the "Purchase Agreement") with certain institutional investors named in the signature pages thereto (the "Purchasers") under which we agreed to issue and sell the Series A Preferred Stock directly to the Purchasers. On April 11, 2016, the Company closed the Offering.

The Series A Preferred Stock is convertible into shares of common stock of the Company at a price of \$0.60 per share. The Company filed the Certificate of Designations (the "Certificate of Designations") of the Series A Preferred Stock with the Secretary of State of the State of Delaware on April 5, 2016. Subject to limited exceptions, a holder of Series A Preferred Stock does not have the right to exercise any portion of its Series A Preferred Stock if the holder, together with its affiliates, would beneficially own over 4.99% of the number of shares of our common stock outstanding immediately after giving effect to such exercise; provided, however, that upon 61 days' prior notice to the Company, the holder may increase the such limitation, provided that in no event will the limitation exceed 9.99%.

The Placement Agent did not purchase or sell any securities, nor is it required to arrange the purchase or sale of any minimum number or dollar amount of securities. The Placement Agent agreed to use its reasonable best efforts to arrange for the sale of all of the Series A Preferred Stock being issued and sold in the Offering. The Placement Agent was paid a cash fee (the "Placement Fee") in an aggregate amount equal to 7% of the gross cash proceeds received by the Company from the sale of the Series A Preferred Stock in the Offering. In addition to the Placement Fee the Company agreed to reimburse the Placement Agent for certain out-of-pocket expenses incurred in connection with the Offering. The Company has also granted the Placement Agent the right of first refusal to act as sole and exclusive investment banker, sole and exclusive book-runner, sole and exclusive financial advisor, sole and exclusive underwriter and/or sole and exclusive placement agent, at the Placement Agent's sole and exclusive discretion, for each and every future public and private equity and debt offering, including all equity linked financings, for a period of twelve (12) months after the closing of the Offering.

The Series A Preferred Stock was issued pursuant to a prospectus supplement to the Company's effective shelf registration statement on Form S-3 (Registration No. 333-203637), which was initially filed with SEC on April 24, 2015 and was declared effective on May 14, 2015. The Company filed the prospectus supplement for the Offering on April 4, 2016.

On June 30, 2016, the Company agreed with the holders to amend the Certificate of Designations to (i) add a provision whereby the Company agreed to file a preliminary proxy statement to vote on this by July 15, 2016; and (ii) the Company would be required to pay any redemption in cash and any redemptions may be paid in shares of Common Stock, per the applicable redemption price or conversion price. The Amendment was filed with the Secretary of State of the State of Delaware on June 30, 2016.

NASDAQ Listing Requirements and the Necessity of Stockholder Approval

The Common Stock is currently listed on The Nasdaq Capital Market and, as such, the Company is subject to Nasdaq Marketplace Rules. Nasdaq Marketplace Rule 5635(d) (“Rule 5635(d)”) requires the Company to obtain stockholder approval prior to the issuance of Common Stock in connection with certain non-public offerings involving the sale, issuance or potential issuance by the Company of Common Stock (and/or securities convertible into or exercisable for common stock) equal to 20% or more of the Common Stock outstanding before the issuance. Shares of Common Stock issuable upon the exercise or conversion of warrants, options, debt instruments, preferred stock or other equity securities issued or granted in such non-public offerings will be considered shares issued in such a transaction in determining whether the 20% limit has been reached, except in certain circumstances such as issuing warrants that are not exercisable for a minimum of six months and have an exercise price that exceeds market value. Therefore, the Company requires stockholder approval.

Vote Required and Recommendation

The affirmative vote of a majority of the shares present, in person or by proxy, and voting on the matter, will be required to issue securities in one or more non-public offerings where the maximum discount at which securities will be offered will be equivalent to a discount of 25% below market price of our common stock in accordance with Nasdaq Marketplace Rule 5635(d).

At the Annual Meeting a vote will be taken on a proposal to approve the issuance of the issuance of an aggregate of 2,500,000 shares of the Company’s Series A Convertible Preferred Stock in accordance with Nasdaq Marketplace Rule 5635(d).

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE ISSUANCE OF THE ISSUANCE OF AN AGGREGATE OF 2,500,000 SHARES OF THE COMPANY’S SERIES A CONVERTIBLE PREFERRED STOCK, PAR VALUE \$0.0001 PER SHARE, IN ACCORDANCE WITH NASDAQ MARKETPLACE RULE 5635(D).

FUTURE STOCKHOLDER PROPOSALS

The Board of Directors has not yet determined the date on which the next Annual Meeting of Stockholders will be held. Stockholders may submit proposals on matters appropriate for stockholder action at annual meetings in accordance with the rules and regulations adopted by the Securities and Exchange Commission. Any proposal which an eligible stockholder desires to have included in our proxy statement and presented at the next Annual Meeting of Stockholders will be included in our proxy statement and related proxy card if it is received by us a reasonable time before we begin to print and send our proxy materials and if it complies with Securities and Exchange Commission rules regarding inclusion of proposals in proxy statements. In order to avoid controversy as to the date on which we receive a proposal, it is suggested that any stockholder who wishes to submit a proposal submit such proposal by Certified Mail, Return Receipt Requested.

Other deadlines apply to the submission of stockholder proposals for the next Annual Meeting that are not required to be included in our proxy statement under Securities and Exchange Commission rules. With respect to these stockholder proposals for the next Annual Meeting, a stockholder's notice must be received by us a reasonable time before we begin to print and send our proxy materials. The form of proxy distributed by the Board of Directors for such meeting will confer discretionary authority to vote on any such proposal not received by such date. If any such proposal is received by such date, the proxy statement for the meeting will provide advice on the nature of the matter and how we intend to exercise our discretion to vote on each such matter if it is presented at that meeting.

EXPENSES AND SOLICITATION

We will bear the costs of printing and mailing proxies. In addition to soliciting stockholder by mail or through our regular employees, we may request banks, brokers and other custodians, nominees and fiduciaries to solicit their customers who have shares of our Common Stock registered in the name of a nominee and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by our officers and employees may also be made of some stockholders following the original solicitation.

OTHER BUSINESS

The Board of Directors knows of no other items that are likely to be brought before the meeting except those that are set forth in the foregoing Notice of Annual Meeting of Stockholders. If any other matters properly come before the meeting, the persons designated on the enclosed proxy will vote in accordance with their judgment on such matters.

AUDIT COMMITTEE CHARTER

Role

The Audit Committee of the Board of Directors assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company, and such other duties as directed by the Board. The Committee's purpose is to oversee the accounting and financial reporting processes of the Company, the audits of the Company's financial statements, the qualifications of the public accounting firm engaged as the Company's independent auditor to prepare or issue an audit report on the financial statements of the Company as well as the independence of such firm, and the performance of the Company's internal and independent auditors. The Committee's role includes a particular focus on the qualitative aspects of financial reporting to shareholders, the Company's processes to manage business and financial risk, and compliance with significant applicable legal, ethical, and regulatory requirements. The Committee is directly responsible for the appointment, compensation, retention and oversight of the independent auditor.

Membership

The membership of the Committee shall consist of at least three directors, all of whom shall be determined by the Board to be "independent" under the Nasdaq Marketplace Rules and Rule 10A-3(b)(1) of the Securities Exchange Act of 1934 as amended (the "Exchange Act"); provided that one director, who is not independent under the Nasdaq Marketplace Rules applicable to audit committee members, meets the criteria set forth in Section 10A(m)(3) under the Securities Exchange Act of 1934, as amended, and is not currently an executive officer, employee or family member of an executive officer, may be appointed to the Committee if the Board, under exceptional and limited circumstances, determines that such individual's membership on the Committee is required by the best interests of the Company and its shareholders. If the Company relies on this exemption, it must include some additional disclosure in the proxy statement for the next annual meeting subsequent to such determination. A member appointed under this exception may not serve longer than two years and may not serve as chairperson of the Committee. Each member shall in the judgment of the Board have the ability to read and understand fundamental financial statements. At least one member of the Committee shall in the judgment of the Board be an "audit committee financial expert" as defined by the rules and regulations promulgated by the SEC (the "SEC Rules"), and at least one member (who may also serve as the audit committee financial expert) shall in the judgment of the Board meet the financial sophistication standard required by the Nasdaq Marketplace Rules. The Board appoints the members of the Committee and the chairperson. The Board may remove any member from the Committee at any time with or without cause.

Operations

The Committee shall meet at least four times a year. Additional meetings may occur as the Committee or its chair deems advisable. The Committee will cause to be kept adequate minutes of all its proceedings, and will report on its actions and activities at the next quarterly meeting of the Board. Committee members will be furnished with copies of the minutes of each meeting and any action taken by unanimous consent. The Committee is governed by the same rules regarding meetings (including meetings by conference telephone or similar communications equipment), action without meetings, notice, waiver of notice, and quorum and voting requirements as are applicable to the Board. The Committee is authorized and empowered to adopt its own rules of procedure not inconsistent with (a) any provision of this Charter, (b) any provision of the Bylaws of the Company, or (c) the laws of the state of Delaware.

Communications

The independent auditor reports directly to the Committee. The Committee is expected to maintain free and open communication with the independent auditor, the internal auditors, and management. This communication will include periodic private executive sessions with each of these parties.

Education

The Company is responsible for providing new members with appropriate orientation briefings and educational opportunities, and the full Committee with educational resources related to accounting principles and procedures, current accounting topics pertinent to the Company and other material as may be requested by the Committee. The Company will assist the Committee in maintaining appropriate financial literacy.

Authority

The Committee will have the resources and authority necessary to discharge its duties and responsibilities. The Committee has sole authority to appoint, retain and terminate independent counsel, outside financial experts or other advisors, as it deems appropriate, including sole authority to approve the firms' fees and other retention terms, and to oversee the work of such independent counsel, outside financial experts or other advisors. The Committee will also maintain the authority to receive and respond to complaints regarding accounting, internal accounting controls, or auditing matters. The Committee will be provided with appropriate funding by the Company, as the Committee determines, for the payment of compensation to the Company's independent auditor and other advisors as it deems appropriate, and ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention. Any communications between the Committee and legal counsel in the course of obtaining legal advice will be considered privileged communications of the Company, and the Committee will take all necessary steps to preserve the privileged nature of those communications.

The Committee may form and delegate authority to subcommittees, composed of one or more of its independent members, and may delegate authority to one or more designated independent members of the Committee.

Related Party Transactions

Pursuant to Nasdaq Listing Rule 5630, the Committee shall review and approve policies and procedures regarding any transaction between the Company and its officers, directors, affiliates of officers and directors, or other related parties (a "Related Party Transaction") for which disclosure in the Company's filings with the SEC is required pursuant to Item 404 of Regulation S-K. The Committee shall consider the facts and circumstances regarding such transactions, including, but not limited to, amounts involved, the relationship of the related person (and those persons identified in the instructions to Item 404(a) of Regulation S-K) with the Company, and terms that would be available in a similar transaction with an unaffiliated third-party. The Audit Committee shall also consider its fiduciary duties, the Company's obligations under applicable securities laws (including disclosure obligations and director independence rules), and any other applicable law in evaluating a Related Party Transaction. The Audit Committee shall then report its determination regarding such transactions to the full Board of Directors at its next regularly scheduled meeting.

Responsibilities

The Committee's specific responsibilities in carrying out its oversight role are delineated below. The responsibilities will be updated annually to reflect changes in regulatory requirements, authoritative guidance, evolving oversight practices, and the results of the Company's annual review of the Audit Committee Charter.

The Committee relies on the expertise and knowledge of management, the internal auditors and the independent auditor in carrying out its oversight responsibilities. Management of the Company is responsible for determining the Company's financial statements are complete, accurate and in accordance with generally accepted accounting principles. The independent auditor is responsible for auditing the Company's financial statements. It is not the duty of the Committee to plan or conduct audits, to determine that the financial statements are complete and accurate and in accordance with generally accepted accounting principles, to conduct investigations, or to assure compliance with laws and regulations or the Company's standards of business conduct, codes of ethics, internal policies, procedures and controls.

1. The agenda for Committee meetings will be prepared in consultation between the Committee chair (with input from the Committee members), Finance management, and the independent auditor.

2. The Committee will review and update the Audit Committee Charter and Responsibilities Calendar annually.
3. The Committee will complete an annual evaluation of the Committee's performance.
4. The Committee will provide a report in the annual proxy that includes the Committee's review and discussion of matters with management and the independent auditor.
5. The Company will include a copy of the Committee charter as an appendix to the proxy statement at least once every three years.
6. The Committee will appoint or replace the independent auditor and determine the terms on which the independent auditor is engaged for the ensuing fiscal year and, at least annually, evaluate the independent auditor's qualifications, performance, and independence, including that of the lead partner. The evaluation will include obtaining a written report from the independent auditor describing: the firm's internal quality control procedures and any material issues raised by the most recent internal quality control review, or peer review, of the firm or by any inquiry or investigation by governmental or professional authorities within the past five years, concerning an independent audit or audits carried out by the firm, and on any steps taken to deal with those issues; and all relationships between the independent auditor and the Company.
7. The Committee will resolve any disagreements between management and the independent auditor about financial reporting.
8. The Committee will establish and oversee a policy designating permissible services that the independent auditor may perform for the Company, providing that the Committee must pre-approve all auditing services and non-audit services (other than "prohibited non-audit services") to be provided to the Company by its independent auditor. The Committee may delegate authority to one or more independent members to grant pre-approvals of audit and permitted non-audit services; provided that any such pre-approvals shall be presented to the full Committee at its next scheduled meetings.

The following shall be "prohibited non-audit services": (i) bookkeeping or other services related to the accounting records or financial statements of the Company; (ii) financial information systems design and implementations; (iii) appraisal or valuation services, providing fairness opinions or preparing contribution-in-kind reports; (iv) actuarial services; (v) internal audit outsourcing services; (vi) management functions or human resources; (vii) broker or dealer, investment adviser or investment banking services; (viii) legal services and expert services unrelated to the audit; and (ix) any other service that the Public Company Accounting Oversight Board (the "PCAOB") prohibits through regulation.

Notwithstanding the foregoing, pre-approval is not necessary for minor non-audit services if: (i) the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its registered public accounting firm during the fiscal year in which the non-audit services are provided; (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board to whom authority to grant such approvals has been delegated by the Committee.

9. The Committee will review the responsibilities, functions and performance of the Company's internal audit department.
10. The Committee will ensure receipt from the independent auditor of a formal written statement delineating all relationships between the auditor and the company, consistent with Independence Standards Board Standard No. 1, and actively engage in a dialogue with the auditor about any disclosed relationships or services that may impact the objectivity and independence of the auditor, and take appropriate action to oversee the independence of the independent auditor.

11. The Committee will advise the Board as to whether the Committee consists of three or more members, all of whom are financially literate, including at least one member who has financial sophistication and is a financial expert.
12. The Committee will inquire of the Finance management, and the independent auditor, about significant risks or exposures; review the Company's policies for risk assessment and risk management; and assess the steps management has taken to control such risk to the Company.
13. The Committee will review with the independent auditor and Finance management the audit scope and plan and coordinate audit efforts to ensure completeness of coverage, reduction of redundant efforts, effective use of audit resources, and the use of independent public accountants other than the appointed auditors of the Company.
14. The Committee will consider and review with Finance management and the independent auditor:
 - a. The Company's annual assessment of the effectiveness of its internal controls and the independent auditor's attestation; and
 - b. The adequacy of the Company's internal controls including computerized information system controls and security; and

 - b. The independent auditor's audit of the financial statement and its report thereon; and
 - c. Any significant changes required in the independent auditor's audit plan; and
 - d. Any serious difficulties or disputes with management encountered during the course of audit and management's response; and
 - e. Other matters related to the conduct of the audit which are to be communicated to the Committee under generally accepted auditing standards.
17. The Committee will review with Finance management and the independent auditor, at least annually, the Company's critical accounting policies.
18. The Committee will consider and review with Finance management:
 - a. Significant findings during the year and management's responses; and
 - b. Any difficulties encountered in the course of their audits, including any restrictions on the scope of their work or access to required information; and
 - c. Any changes required in planned scope of their audit plan.
19. The Committee will participate in a telephonic meeting among Finance management and the independent auditor before each earnings release to discuss the earnings release, financial information and earnings guidance.
20. The Committee will review and discuss with Finance management and the independent auditor the Company's quarterly financial statements.

21. The Committee will review the periodic reports of the Company with Finance management and the independent auditor prior to filing of the reports with the SEC, including the disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations”.
22. In connection with each periodic report of the Company, the Committee will review:
 - a. Management’s disclosure to the Committee and the independent auditor under Section 302 of the Sarbanes-Oxley Act, including identified changes in internal control over financial reporting; and
 - b. The contents of the Chief Executive Officer and the Chief Financial Officer certificates to be filed under Section 302 and 906 of the Sarbanes-Oxley Act.
23. The Committee will monitor the appropriate standards adopted as a code of conduct for the Company.
24. The Committee will review with the applicable officer of the Company legal and regulatory matters that may have a material impact on the financial statements, related Company compliance policies, and programs and reports received from regulators.
25. The Committee will develop, review and oversee procedures for (i) receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls and auditing matters, and (ii) the confidential, anonymous submission of employee concerns regarding accounting or auditing matters. The procedures established pursuant to this paragraph should also be made available for use by persons making reports under the Company’s Code of Conduct or Whistleblower Policy.
26. The Committee will meet with the independent auditor in executive session to discuss any matters the Committee or the independent auditor believes should be discussed privately with the Audit Committee.
27. The Committee will meet with Finance management in executive sessions to discuss any matters the Committee or Finance management believes should be discussed privately with the Audit Committee.
28. The Committee will set clear hiring policies for the Company’s hiring of employees or former employees of the independent auditor who were engaged in the Company’s account, and ensure the policies comply with any regulations applicable to the Company.

The Committee will ensure that these policies, as enforced, prohibit any independent auditor from providing audit services to the Company if the CEO, controller, CFO, chief accounting officer or any person serving in an equivalent capacity for the Company was employed by the independent auditor and participated in any capacity in the audit of the Company during the one-year period preceding the date of the initiation of the audit.
29. The Committee will discuss with the independent auditor the matters required to be discussed by the applicable auditing standards adopted by the PCAOB and approved by the SEC from time to time.
30. The Committee will inform each independent auditor engaged for the purpose of preparing or issuing an audit report or performing other audit, review or related services for the Company, that such firm must report directly to the Committee.
31. The Committee will evaluate the rotation of the audit partners on the audit engagement team of the independent auditors as required by law.

FORM OF AMENDMENT TO THE CERTIFICATE OF INCORPORATION

FORM OF CERTIFICATE OF AMENDMENT OF
CERTIFICATE OF INCORPORATION OF
NXT-ID, INC.

Nxt-ID, Inc., a corporation organized and existing under and by virtue of the General Corporation Law of the State of Delaware (the “**Corporation**”), does hereby certify that:

FIRST: The name of the Corporation is Nxt-ID, Inc.

SECOND: This Certificate of Amendment (this “**Certificate of Amendment**”) amends the provisions of the Corporation’s Certificate of Incorporation filed with the Secretary of State on February 8, 2012 (the “**Certificate of Incorporation**”) and any amendments thereto.

THIRD: The Article 4 of the Certificate of Incorporation is hereby amended as follows:

“a) Common Stock. Each holder of record of Common Stock shall have the right to one vote for each share of Common Stock registered in the holder’s name on the books of the Corporation on all matters submitted to a vote of stockholders except as the right to exercise such vote may be limited by the provisions of this Certificate of Incorporation or of any class or series of Preferred Stock established hereunder. The holders of Common Stock shall be entitled to such dividends as may be declared by the Board of Directors from time to time, provided that required dividends, if any, on Preferred Stock have been paid or provided for. In the event of the liquidation, dissolution, or winding up, whether voluntary or involuntary, of the Corporation, the assets and funds of the Corporation available for distribution to stockholders, and remaining after the payment to holders of Preferred Stock of the amounts, if any, to which they are entitled, shall be divided and paid to the holders of Common Stock according to their respective shares.

Upon the filing of this Amendment with the Secretary of State of the State of Delaware (the “**Effective Time**”), each outstanding shares of Common Stock (the “**Old Common Stock**”) shall be **combined** and converted into one (1) share of Common Stock (the “**New Common Stock**”). This **reverse stock split** (the “**Reverse Split**”) of the outstanding shares of Common Stock shall not affect the total number of shares of capital stock, including the Common Stock, that the Company is authorized to issue, which shall remain as set forth under this Article 4.

The **Reverse Split** shall occur without any further action on the part of the Corporation or the holders of shares of New Common Stock and whether or not certificates representing such holders’ shares prior to the **Reverse Split** are surrendered for cancellation. No fractional interest in a share of New Common Stock shall be deliverable upon the **Reverse Split**, all of which shares of New Common Stock be rounded up to the nearest whole number of such shares. All references to “Common Stock” in these Articles shall be to the New Common Stock.

The **Reverse Split** will be effectuated on a stockholder-by-stockholder (as opposed to certificate-by-certificate) basis. Certificates dated as of a date prior to the Effective Time representing outstanding shares of Old Common Stock shall, after the Effective Time, represent a number of shares equal to the same number of shares of New Common Stock as is reflected on the face of such certificates, divided by and rounded up to the nearest whole number. The Corporation shall not be obligated to issue new certificates evidencing the shares of New Common Stock outstanding as a result of the **Reverse Split** unless and until the certificates evidencing the shares held by a holder prior to the **Reverse Split** are either delivered to the Corporation or its transfer agent, or the holder notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates.”

Notwithstanding the foregoing, the language under this Article 4 shall not be amended in any way.

FOURTH: This amendment was duly adopted in accordance with the provisions of Sections 212 and 242 of the General Corporation Law of the State of Delaware.

FIFTH: This Certificate of Amendment shall be effective as of New York Time on the date written below.

IN WITNESS WHEREOF, the Corporation has caused this Certificate of Amendment to be signed by its officer thereunto duly authorized this day of , 2016.
